

**STUDENT RIGHT TO KNOW (revised June 26, 2017)**

Mech Tech is an institution of higher education and technical whose mission is to train and retrain young people and adults of both sexes with the necessary skills in the theory and practice of the professions of metals, electricity, mechanics, refrigeration and electronics; so that they can compete for job opportunities that arise in these or kept the same.

It is important that at the time of choosing what to study in the vocational field, you make the right decision. Taking this into consideration, we have prepared a report notifying the percentage of: Retention, Financial Aid and Employability programs for Technical Grades and Associate Degrees
