

STUDENT RIGHT TO KNOW (revised July, 2018)

Mech Tech is an institution of higher education and technical training whose mission is to train and re-train youths and adults with the necessary practical and theoretical competencies in professions that will prepare them to compete for job employment opportunities that can emerge in these fields and maintain them. Students will be integrally formed with a capacity to critically address the technological, social, ethical, cultural and economic challenges of a fast-growing and changing society in the human aspect but also intellectually, achieved through our innovative curricula.

It is important that at the time of choosing what to study in the vocational field, you make the right decision. Taking this into consideration, we have prepared a report notifying the percentage of: Retention, Financial Aid and Employability programs for Technical Grades and Associate Degrees
